

## WHAT IS JONETSU CONVENTION?

Jonetsu Convention is the result of two converging passions: manga and animation. The event is run by dedicated fans who wish to raise awareness of these industries among an ever-growing audience.

For that purpose, it is important to us to provide keys to understanding the whole process behind publishing, broadcasting or screening our favorite media.

We also seek to showcase artists and associations that are part of this culture.

That is why we share our passion and expand the knowledge of our visitors through many conferences, meetings, exhibitions and activities.

Since 2015 near Paris, Jonetsu Convention has been a friendly gathering fueled by **PASSION** where professionals, artists and visitors can exchange their experiences and thoughts.

**PASSION** being the driving force of our convention, it only seemed natural to name it jōnetsu ("passion" in Japanese). For the sake of readability, we decided to transcribe our name with a short "o", without an accent.

## ONE EDITION OF JONETSU INCLUDES:

- 1 275 visitors;
- 14 h of conferences with 20 speakers;
- 40 stands with 85 exhibitors and artists;
- 600 chicken sandwiches.

## JONETSU & PEDAGOGY

Jonetsu is an event with two main goals.

- Expand the understanding of the manga and the animation industries in Japan and France alike, through:
  - multiple conferences where we give the floor to animators, producers, publishers, creators, associations and much more;
  - the opportunity to meet and talk with professionals of these industries.
- Raise awareness of piracy and counterfeiting through:
  - a rigorous selection process of the exhibitors;
  - conferences and workshops in collaboration with merchandising producers and animation distributors.

To reach a wider audience, all of our conferences are recorded and gradually uploaded on [youtube.com/@JonetsuConv](https://www.youtube.com/@JonetsuConv).

## CREATORS INVOLVEMENT

If the participation from publishing and production actors is fundamental for our event, we also focus on artists involved in Japanese and international pop culture. As such, we are offering them a space to meet their audience:

- all of our exhibitors, whether non-profit organisations, creators, publishers or sellers, are reunited in the same space in order to encourage discussion;
- we announce and showcase each exhibitors on our website and social media;
- a live painting screen allows artists to show their skills and talent.

## OUR AUDIENCES

- Jonetsu is open and accessible to everyone, curious persons, devotees and professionals alike, without age distinction.
- Visitors that attend Jonetsu are dedicated, eager to learn and discuss their passions.
- The admission is free for children under 10 and disabled persons.

## ABOUT US

Jonetsu Convention is run by the Nijikai Association. It is a non-profit organisation founded in 2014 by people who have been involved in Japanese pop culture for more than a decade.

Our name Nijikai refers to nijigen sekai, the "bi-dimensional worlds" (2D). Nijikai also means "after-party". It is a festive and significant name that is dear to our heart.
